

Certificate

Indoor Air Comfort

Isover INSULSAFE 33

Certified Product

SAINT-GOBAIN ITALIA S.P.A.

Via Giovanni Bensi 8, 20152 Milano, Italy

Applicant

The above product complies with the Indoor Air Comfort specifications, version 2026. These include both inspection of factory production and VOC emissions testing according to EN 16516, at regular intervals.

Indoor Air Comfort combines all mandatory European regulations on VOC product emissions. Additional requirements not related to VOC product emissions, for example content of certain substances are not combined or evaluated.

The following VOC regulations are combined and the certified product shows compliance with these VOC emission related limit values:

AgBB/ABG (Germany)
Belgium Regulation
EU Taxonomy Regulation
France VOC class A
Italian CAM Edilizia
REACH Formaldehyde Regulation

Issue date: 16 January 2026

Validity date: 16 January 2031

Product category: Insulation Material

Certificate number: IAC-400-07-07-2025

This certificate is valid as specified if regular surveillance and testing is done.

Appendix to Certificate IAC-400-07-07-2025

SAINT-GOBAIN ITALIA S.P.A.

receives the Indoor Air Comfort certificate with validity 16 January 2031

for below product group, including subgroups and individual products as listed:

Product group: Isover INSULSAFE 33

Product category: Insulation Material

Products included:

Isover INSULSAFE 33

The products in this group are based on identical or similar recipe and are produced under equivalent conditions. Grouping of the products and inspection of the production process is part of the Indoor Air Comfort certification. A worst-case product, which is representative for the whole group, is being tested frequently.
